Professional Summary

As a Fullstack developer, I aim to contribute to the technology industry in a positive way. My commitment to ongoing learning will be used to gain and maintain the skills and knowledge required to perfect my craft in front and back-end languages, databases, responsive frameworks, and best code practices.

Technical Skills

Front-end: HTML, CSS (including Bootstrap), JavaScript (ES6), React, Webpack
Back-end: NodeJS, Express, SQL, MongoDB, Heroku (Dyno).
Other relevant skills: REST APIs, Git, JQuery, NEXT.js, CI/CD pipelines, TypeScript, Linux, AWS, GCS, Automated Testing

Education

2022-Current: Full Stack Development Coding Bootcamp   **Israel Tech Challenge**

A training program designed to qualify Full-Stack web developers. The program is a hands-on accelerator, which practices research and autonomous learning while emulating a real-life work environment.

2016-2019: Bachelor of Arts   **University of the Witwatersrand**

- Bachelors of Arts (undergraduate degree) majoring in Psychology and Sociology

2020-2021: Diploma. Teaching   **Embury**

- A teaching training program completed over the course of a year specializing in foundation phase teaching.

Professional Experience

2019-2021   Teacher (Foundation Phase)   Sandton Sinai Nursery School   Johannesburg

- My primary responsibility was to teach children, at a foundation level, in areas related to speech, pronunciation, and motor and cognitive skills development. This further involved collaborating and communicating with parents.

- Another aspect of this role was to provide holistic support and guidance to the children I taught, to ensure that they were ready to move to the following grade by year end. Through this process, additional skills that I learnt and applied in this role were patience, creativity, nurturance, and communication skills.

Additional Information

- Languages spoken: English: Fluent

    Hebrew: Basic

    Afrikaans: Basic
